# Items

#	Items	Correct Answer	Your Answer	Result
1	Which resources do the Cloud Security ...of both the provider and the consumer?	A,E	A,E	Correct
2	You're planning a role-based security ...ts time on social engineering attacks?	C	C	Correct
3	Your remote access system currently us...CS+. What benefits might this provide?	C,D,E	C,D,E	Correct
4	What automation practice keeps code cr...elopers from diverging or conflicting?	A	A	Correct
5	A co-worker mentioned a utility called...n't have to deal with the CLI as much?	A	A	Correct
6	What data management model assists pro..., and how it's archived and destroyed?	D	D	Correct
7	Which of the following authentication ...s the use of server-side certificates?	C	C	Correct
8	An enterprise security administrator h...hile adding enhanced cloud protection?	C	C	Correct
9	The facilities manager wants to deploy...of the following should you recommend?	C	C	Correct
10	Which of the following physical securi... preventative and a detective control?	C	C	Correct
11	Your company has signed a BPA with a b... What most likely is not a part of it?	C	C	Correct
12	During a massive security-impacting in...the system can be brought back online?	A	A	Correct
13	Which of the following commands will d...dquo;failed" entries in logfile?	B	B	Correct
14	Which of the following hash algorithms... both a 256-bit and a 512-bit version?	D	D	Correct

#	Items	Correct Answer	Your Answer	Result
15	When performing a penetration test, how would OSINT be classified as a resource?	A	A	Correct
16	Why is it most important to record time offsets when collecting evidence?	A	A	Correct
17	Your company allows you to use the sam...deployment model does the company use?	B	B	Correct
18	Which of the following commands is mos...e downloading the site's main webpage?	C	C	Correct
19	You've found a computer infected... software. What kind of malware is it?	D	D	Correct
20	It has come to your attention that a n... the wrong hands in a readable format?	D	D	Correct
21	Which of the following is most likely ...ty that resulted in data exfiltration?	D	D	Correct
22	Which type of cryptography is most commonly used for secure key exchange?	B	B	Correct
23	What might you or an attacker be inter...d or communicated by or with each one?	A	A	Correct
24	Which of the following statements conc...g hybrid warfare is a false statement?	A	A	Correct
25	What security control might have a pos... outside of use as a security control?	D	D	Correct
26	You were told to set up a "struct...f a disaster recovery plan, but tha...	D	D	Correct
27	Which of the following technologies he...tems and what form such data can take?	A	A	Correct
28	Which of the following is a concern most related to data sovereignty?	A	A	Correct

#	Items	Correct Answer	Your Answer	Result
29	What tools allow amplification of a DoS attack?	B,C,D	B,C,D	Correct
30	Which of the following security risks ...n enterprise patch management systems?	C	C	Correct
31	What is post-quantum cryptography being designed to counteract?	A	A	Correct
32	Which solution allows separation of re...to the application level if necessary?	D	D	Correct
33	Which of the following are differences between SED and non-SED FDE?	D,E	D,E	Correct
34	Which of the following features primarily helps to protect against DoS attacks?	B	B	Correct
35	Which vulnerability impact generally p... both data loss and data exfiltration?	B	B	Correct
36	An administrator has created two EC2 i...ts the interests of the administrator?	C	C	Correct
37	US military personnel use CACs, while ...re examples of which of the following?	C	C	Correct
38	What makes Python a goo...fting malicious scripts for an attack?	A	A	Correct
39	In the field of account management, wh...ents a complete solution. Choose four.	A,B,C,D	A,B,C,D	Correct
40	If a password cracker is not in a part...d even a single account to compromise?	A	A	Correct
41	Which of the following is an example of preventative control?	D	D	Correct
42	Which of these factors or methods best...oss many systems all around the world?	A	A	Correct
43	Which kind of attacker is an APT most commonly associated with?	A	A	Correct

#	Items	Correct Answer	Your Answer	Result
44	You were asked to build a web server f...ly for the server's certificate?	C	C	Correct
45	In terms of data governance policies, ...terms data custodian and data steward?	A	A	Correct
46	What potential security risk does an S... pose that a USB flash drive does not?	D	D	Correct
47	You want to implement an access contro...the user. Which model is the best fit?	B	B	Correct
48	A host on the network is potentially i...following will best achieve that goal?	C	C	Correct
49	Which of these terms refers to a categ...trol in contrast to a type of control?	C	C	Correct
50	Privacy-enhancing technologies are par...by which the amount of PII, PHI, or...	B	B	Correct
51	The forensic specialist associated wit...ght the specialist request such files?	C	C	Correct
52	Which SQL injection technique relies on unfiltered semicolons?	A	A	Correct
53	An organization chooses, among other c...management strategy is being employed?	A	A	Correct
54	Which of these common pentest techniqu...nship between two hosts, for instance?	B	B	Correct
55	Which of the following is a form of ransomware?	D	D	Correct
56	As part of a cloud transition, your te... Which of the following might you say?	B,C	B,C	Correct
57	When dealing with which class of third...ated when dealing with these entities?	C	C	Correct

#	Items	Correct Answer	Your Answer	Result
58	As part of a cloud transition, you're ... of cloud service should you look for?	A	A	Correct
59	Which feature of SIEM utilities brings...hose formed by the individual entries?	D	D	Correct
60	An embedded hardware modification that...roduce this unauthorized modification?	D	D	Correct
61	Alice, a contractor that was hired to ...r removed. What is this an example of?	A	A	Correct
62	What classification of data most benef...rom the use of homomorphic encryption?	C	C	Correct
63	Which of the following is a stream cipher?	D	D	Correct
64	Based on the rationale given, which of... lead to an exploitable vulnerability?	A	A	Correct
65	What kind of attack do synchronization tokens help prevent?	A	B	Incorrect
66	What is the primary difference between SIEM and SOAR?	D	D	Correct
67	Which of the following involves contac...ation status of a digital certificate?	D	D	Correct
68	What is the difference between a push notification and 2FA by SMS?	D	D	Correct
69	A company decides to invest in embedde...ify embedded systems in certain cases?	A	A	Correct
70	You're shopping for a new A/C un...have to go without sufficient cooling?	C	C	Correct
71	Which Wi-Fi feature can be disabled to improve security?	C	C	Correct
72	Which cybersecurity framework offers a...rence to their own security baselines?	B	B	Correct

#	Items	Correct Answer	Your Answer	Result
73	Which of the following statements about deployment, and automation are correct?	A,B	A,B	Correct
74	The user bobsmith has shell-access prior key pair has already been generated?	B	B	Correct
75	Several co-workers in the sales departmently what variant of phishing is this?	B	B	Correct
76	Which of the following are implicitly protocols that were insecure on their own?	D,E,F	D,E,F	Correct
77	Which of the following is a characteristic threat management (UTM) appliances?	B	B	Correct
78	Which of the following phrases best describe the benefit of fail-close door locks?	D	D	Correct
79	Which functions are performed by the Kerberos KDC?	C,D	C,D	Correct
80	What do reading irresponsibly placed certificate's private key have in common?	A	A	Correct
81	What policy document generally describes mutual goals between organizations?	C	C	Correct
82	Secure access-control models are based on which assumption?	C	C	Correct
83	Which of the following RAID levels does ease performance over the alternative?	C	C	Correct
84	You're asked to build a DMZ network. Following topologies should you choose?	C	C	Correct
85	While analyzing the shortcomings in the use of artificial intelligence (AI)?	A	A	Correct
86	Complete the given statement: Unlike LDAP, LDAPS _____.	A,B	A,B	Correct
87	Which features, available to software, are associated with injection attacks?	C,D	C,D	Correct

#	Items	Correct Answer	Your Answer	Result
88	A user logs into their computer and is...ware has likely infected the computer?	A	A	Correct
89	Bob is interested in standing up his f...ased on the industry's best practices?	A	A	Correct
90	Your company rents a spare server room...r. What is this scenario referring to?	A	A	Correct
